

Title	Project on East Asia
College	Delta College
Duration	2019-2024

Objectives and Potential Impact:

This plan is proposed to expand Delta's international and intercultural offerings by generating curriculum, expanding our travel-experiential learning options and forging new transfer relationships with colleges to meet the educational needs of a culturally underserved portion of our student body.

The impact of this project will be multidimensional:

- 1) An increase in the number of faculty with professional development in global education; these faculty will develop and infuse into the courses they teach original curriculum designed to expose students to international and intercultural perspectives and issues, ultimately enhancing the global understandings of thousands of students
- 2) At least two new international study-travel experiences will be created with new curriculum, providing our students with experiences that will open a world of understandings and possibilities
- 3) Creating a program of support and pathways of academic transfer for students impeded academically by the cultural "narrowness-of-understanding" of our mainstream American Midwestern academic culture
- 4) Expansion of our domestic state and regional cultural-learning trips.

Community College Project Team:

Title	Project on East Asia
College	Delta College
Address	1961 Delta Road, University Center, Michigan 48710
Duration	2019-2024

Project Leader	C.Jeff Dykhuizen, Ph.D.
Department	Professor of Psychology; Chair, Global Peace Studies
Phone	-
Email	jeffdykhuizen@delta.edu

College Administrator	Dr. Reva Curry
Title	Vice President of Instruction/Learning Services
Phone	-
EMail	revacurry@delta.edu
